FFA members and advisors may not visit the site of the state career development event within seven days of the start of the event. Teams that violate this rule will be disqualified.

Any member found cheating in any state-level career development event will result in total team disqualification for that event.

Calculators used for this event must be only basic five function (add, subtract, multiply, divide, and square root only) calculators. Possession of scientific calculators and other programmable calculators or other non-basic calculator by any team member shall result in a team disqualification.

- Using Universal Form A, 6 to 11 classes of four horses will be placed on type (When possible, there will be a minimum of three halter classes and three performance classes).
- A maximum of 15 minutes will be allowed to place each class.
- The event committee will attempt to select only horses that are serviceably sound. All halter classes will be judged as sound. Soundness will be judged as seen in all performance classes; lame horses should be placed accordingly.
- Two halter classes will be judged at one time. In large contests, contestants will be on both sides of the horse.
- Classes will be selected from any of the light horse and heavy horse breeds

**Procedure for Determining the State Event Winner When Scores are Tied**

1. Compare the scores of the fourth member of the team. Teams with only three members do not have an alternate to compare and lose by virtue of the fact that they have no fourth score. Teams with only three members lose by default.
2. If a tie still remains, they will be broken by the total team score (alternate excluded) on classes in the following order: Oral Reasons; Halter Classes One, Two, Three; Performance Classes One, Two, and Three.

**Procedure for Determining the State Event Winner When Scores are Tied for individual participants**

Ties in scores between individuals will be broken by comparing the scores of the portion/section of the event that carries the highest point value. For example, if an event consists of 500 points for placement, 100 points for oral reasons, and 50 points for the written test; the tie breaker will be on the placement section of the event.
