

Agricultural Sales CDE

Purpose

The purpose of the Agricultural Sales Career Development Event is to provide an individual with the basic skills to take advantage of the career opportunities offered in the sales field. Sales are an essential part of a market economy. Agricultural products benefit from sales skills, both for inputs for production and the marketing of products. The objective of this event is to develop the sales process through communication skills, product knowledge, and the ability to maintain customers.

Sponsor

The North Carolina State Grange currently sponsors this event.

State Event Superintendent

The superintendent for this event is Dr. Jason Davis, State FFA Coordinator, NCSU Box 7654, Raleigh, NC 27695-7654 Phone: 919.513.0216 Fax: 919.513.3201 Email: jason_davis@ncsu.edu

Eligibility

This event is open to all FFA chapters and FFA members in good standing. FFA member may not participate in a Career Development Event that leads to a state level event after July 1, following their high school/early college graduation. Members winning a previous state event in this area or that have participated in a previous national event in this area are ineligible.

Each chapter may send one team to compete at the state event. **Teams shall consist of three or four members. Four scores will count towards the team total (A three-member team will earn a zero for the 4th score).** No alternates are allowed in state events. Any alternate found participating in a state event would result in team disqualification.

FFA members in good standing may also participate as individuals in this event. A chapter may have up to two members participate as individuals as long as the chapter does not have a team participating in the

event. Their scores will only count toward individual recognition, and will not be tallied as a team score.

The use or possession of cellular phones or any other mobile electronic communication device is prohibited during any state-level career development event. Any violation of this rule by any team member will result in total team disqualification.

FFA members participating in career development events that require the use of calculators may only use non programmable/graphing calculators that do not have the ability to communicate with other calculators. Calculators will be screened prior to the start of a CDE for acceptability. Students caught using data stored on a calculator or communicating with other calculators will result in a total team disqualification for the event.

Any member found cheating in any state-level career development event will result in total team disqualification for that event.

The North Carolina FFA Association, in keeping with the FFA mission and purposes, does not permit the use of tobacco products, e-cigarettes, vapes, or Juuls at any FFA facility or at any FFA activity.

Participants are required to follow the North Carolina FFA Career Development Event Dress Code. Participants are allowed to wear long pants, an appropriate shirt with a collar or an appropriate high school or FFA t-shirt.

PRACTICUM General Description

Prospecting for New Customers

The event officials will select a sales situation. The participant will be given a product description. The participant will then approach a customer (role played by one of the judges) and by interaction with that customer determine if the customer is a prospect. The participant will then attempt to sell that product to the customer, or gain an appointment for a future sales call, whichever is appropriate for the scenario. The appropriate goal(s) will be clarified in the scenario.

The participant will receive the product description and the sales situation handout as they check-in on the day of the event.

Five (5) minutes will be allowed, with a three (3) minute warning, to interact with the customer “judge”. Two judges will be utilized with one judge playing the role of the customer. The emphasis of this event is on strong opening statements to get the prospect’s attention and asking good questions to evaluate the prospect’s needs.
