

Extemporaneous Public Speaking LDE

Purpose

The Extemporaneous Public Speaking Leadership Development Event is designed to develop the ability of all FFA members to express himself or herself on a given subject without preparing or rehearsing the content in advance. Participants in this event are given 30 minutes to prepare a four- to six-minute speech with five minutes of questioning after their speech. This gives FFA members an opportunity to formulate their remarks for presentation in a very limited amount of time.

State Event Superintendent

The superintendent for this event is Mr. Jason Chester, Central Region Coordinator, 444 Bristol Dr, Statesville, NC 28677. Phone: 704.213.1335 Email: jdcheste@ncsu.edu

Eligibility and Event Guidelines

This event is open to all FFA chapters and FFA members in good standing. FFA Members may not participate in a Career Development Event that leads to a state level event after July 1, following their high school/early college graduation. The event will be open only to students who are active FFA members and who are currently enrolled in agricultural education. Members winning a previous state event in this area or that have participated in a previous national event in this area are ineligible. Individuals advancing to state event participation must be certified by the regional FFA advisor.

The use or possession of cellular phones or any other mobile electronic communication device is prohibited during any state-level career development event. Any violation of this rule by any team member will result in total team disqualification.

Any member found cheating in any state-level career development event will result in total team disqualification for that event.

The North Carolina FFA Association, in keeping with the FFA mission and purposes, does not permit the use of tobacco products, e-cigarettes, vapes, or Juuls at any FFA facility or at any FFA activity.

Supplemental Information

At the North Carolina FFA State Convention, participation in more than one FFA career development event is permitted if events are not being held concurrently and no special provisions are required to facilitate participation. Members may participate in only one career development event with the exceptions of Creed Speaking and Parliamentary Procedure or Prepared Public Speaking and Parliamentary Procedure, which are held concurrently will allow dual participation and special provisions for flighting.

In compliance with the Americans with Disabilities Act, North Carolina FFA will honor requests for reasonable accommodations made by individuals with disabilities. Please direct accommodation requests through the CDE/LDE Accommodation Request [Form](#). If the accommodation can be made for all and/or doesn't provide an unfair advantage, then every effort will be made to provide the accommodation. Requests can be accommodated more effectively if notice is provided at least 10 days before the event.

Middle School Participation

Middle school students and teams may participate in any Career Development Event or Leadership Development Event. The top three middle school participants will be recognized at the state FFA convention. Middle school participants should designate during registration.

Dress Code

Participants are required to follow the North Carolina FFA Career Development Event Dress Code. Official dress for an FFA member includes: an official FFA jacket zipped to the top, black slacks and black socks/nylons or black skirt and black nylons, white collared blouse or white collared shirt, official FFA tie or official FFA scarf, black dress shoes with closed heel and toe.

The North Carolina FFA Association strives to promote a positive image at all Official FFA Events. The dress code policy was established to address the issue of appropriate attire at all Official FFA Events. Members should adhere to this policy for all events. A ten percent reduction will be applied to all individual scores from a chapter if a participant from that chapter violates the dress code during that career event.

Procedures for Administering the Event

The event should be conducted on federation, region, state and national levels.

Each speech should be the result of the participant's own efforts using approved reference materials provided by the participant.

Uniform note cards will be provided for each participant.

Any notes for speaking must be made during the thirty (30) minute preparation time.

Reference material must be screened by an event official and must be printed material such as books or magazines.

Reference materials must be limited to 5 items.

To be counted as one item, a notebook or folder of collected materials may contain no more than 100 single added pages or 50 pages double-sided numbered consecutively.

Reference materials cannot contain notes or speeches prepared in advance by the participant or by another person for the sole purpose of use in the contest.

Participants will draw topics and be admitted to the preparation room in the same order that they are to speak.

Participants will be admitted to the preparation room at fifteen (15) minute intervals because preparation time is thirty (30) minutes and speaking and questioning time is approximately fifteen (15) minutes. Each participant will have exactly thirty (30) minutes to prepare their speech on their topic.

The participant will introduce himself/herself to the judges by name and chapter.

Participants will be permitted to use notes while speaking, but points may be deducted if this detracts from the effectiveness of the presentation. The participant may take advantage of all available training facilities and personnel in their local school and community in developing their speaking ability.

Subjects and Topics

Twelve topics shall be prepared by the event superintendent and will include three from each of the following categories:

- a) agriscience and technology
- b) agrimarketing and international agricultural relations
- c) food and fiber systems
- d) urban agriculture

The topics will be written or typed on uniform cards. These topic cards will then be placed in one container.

At the proper time, a speaker will draw three topic cards. **The event superintendent or their designee will record the topic chosen and provide judges a copy of the speech topic for the speaker.** After the superintendent has verified the topic, the speaker will return all three cards to the container. This procedure will be followed for each subsequent participant. When flighting this event becomes necessary, a participant may not speak on the same topic more than once.

Time Limit

Each speech shall be no less than four (4) or more than six (6) minutes with five (5) minutes additional time allowed for related questions, which shall be asked by judges. Participants are to be penalized one point per second on each judge's score sheet for being over six (6) minutes and under four (4) minutes. Time commences when the speaker begins talking. Speakers may use an analog watch to keep note of their time.

Method of Selecting Winner

Three competent and impartial judges will be selected to judge career development events at all levels of competition. At least one of the judges should have an agricultural background. Judges will formulate and ask questions pertaining directly to the participant's speech (at all levels of competition). The full five minutes for questions should be used. Judges will score participants on the North Carolina FFA Extemporaneous Speaking Event Scoring Rubric. Official placing for this event is based on ranks rather than scores. Each judge will independently score and rank the individual speakers based on the scores they gave him or her. The participant with the highest score total receives a rank of 1. Other participants are ranked in the same manner with each subsequent rank being for a lower score. After each judge has scored and ranked all participants, judges will collaborate to determine overall rankings and placing for each participant. Judges will sum their ranks and the participant with the lowest cumulative total will be placed first, second lowest cumulative total will be second place, and so forth until all participants have been placed.

Scoring

<i>Criteria</i>	<i>Maximum Points</i>
Oral Communication	600
Non-Verbal Communication	400
Questions and Answers	300

For more detail see the rubric on ncffa.org

Procedure for Determining the State Event Winner When Scores are Tied

In the case of a tie, the individual raw scores will be added and the high scorer will be the winner.

State Awards

The awards for the state event will be presented annually at the state FFA convention to include a team 1st, 2nd and 3rd place plaque and a travel monetary award.

National Career Development Event Participation

State winners advancing to the national career development event will be automatically registered for the national event. It is the responsibility of the FFA chapter advisor to complete all necessary national certification and waiver forms and return them to the State FFA Coordinator by the assigned due date.

State winning CDE participants that choose not to participate at the national level should contact the state office by September 1 prior to national convention. Participants that fail to inform the state office prior to September 1 will be ineligible to participate in that same CDE for the next year (chapters may appeal to the State FFA Board of Directors). Teams that do not compete at the national convention will be required to pay back the travel award.
