

NC FFA Crowdfunding Campaign to Support the Farm Credit Cottage at the North Carolina FFA Center

FFA Camp at White Lake is one of the oldest FFA camps in the nation and offers many new experiences to all our members across the state of North Carolina. While camp facilities have certainly changed over the years, the mission of providing a unique space for FFA members to come together for leadership and career development events as well as recreation camp is still the same.

An integral part of keeping Camp running is our NC FFA Camp Center Staff and the Farm Credit Cottage. The camp staff facilitate camp activities and make sure FFA members and guests have a safe and enjoyable experience at the FFA Center. Help furnish the Farm Credit Cottage to make sure camp staff can take better care of our members! Donate At:
