

Alumni Spotlight 2024

Avery County FFA Alumni and Supporters was Chartered in 1993 with 15 Lifetime members. The goal has always been to support and help the Avery County FFA Chapter and its members..

Throughout the years, Alumni members have helped in fundraising, coaching, chaperoning, scholarships, and working to help students and FFA members.

Parents, former FFA members, Agricultural business, and community members work alongside each other to provide opportunities to encourage and support FFA members.

There have been lots of changes over the years but the goal is the same. Always updating and transforming to help meet needs from year to year. New Leadership teams and committees have been recently updated. New Officers will serve a 2 year term. Scholarships have been selected and plans to help with the upcoming FFA Banquet are in place. Fundraising and membership recruitment efforts are also being planned to help ensure FFA members will benefit.

Excitement is building for this next cycle to continue to learn ,grow and serve.
